NOTE AND COMMENT.

The Southern Railway proposes to furnish to engineers and conductors annual passes over the road on the basis of service. Those who have been five years in the service are to be given annuals, good over the division on which they are employed; those having ten years to their credit are to receive annuals good over the entire line, and for those who have served 15 years, their wives will be included in the privilege.

Vermont sentiment has seen a radical change since its first vote on the license question about a year ago. Only forty-eight cities and towns went for license at the election last week, as against a much larger number a year previous. The little town of Woodbury was the only place that left the no-license column, while there was a great exodus from the license ranks. Even Rutland, the home of Percival W. Clement, who led the license force last year, flipped over and said "No."

The Ashland Basketball team claims the amateur championship of the state. It has been defeated but once during the season and that by the strong team from St. Johnsbury. Last week they took the Dartmouth reserves into camp. The week previous they defeated New Hampshire college. Probably but one team in the state can successfully pass the ball with the Ashland team, and that is the regular Dartmouth team, which has the college championship of New England.

Senator Gallinger has made a move in the right direction by introducing a bill into the national senate providing for an increase in salary for the president, speaker of the house, members of the cabinet, senators and members of the house. It has been many years since any increase was made in the salary of any of these offices. With the growth of the nation the duties of these positions have been more and more arduous and the expense of maintaining one's self in keeping with the dignity of the position has been increased. Men of limited means, who are able to fill the places with credit, cannot accept them, while the average man who has a good business or professional practice, cannot afford to leave it for a public place. Think, for example, of the sacrifice financially made by Joseph H. Choate, whose law practice certainly went up into six figures each year, but who now gets \$17,500 as ambassador at the court of St. James, a position requiring more than the salary to maintain its dignity. Pay what the position is worth, and then if you don't get the right man, "turn the rascal out."

Down in Maine they are lining up for a 2000 old-fashioned political fight. Candidates for governor are thicker than those who wanted to

be selectmen in Meredith at the last Republican caucus, and almost as thick as fleas on a dog. "Uncle Joe" Manley, who has held sway ever since Blaine enthroned him, got it into his head that he had done enough for his friends and that he would do a little something for "Joe." He only wanted a couple of terms in the state house, but there were those who objected. Now "Joe's" home city has gone against him seven to one, and everything is in the hands of the Barleigh forces, who are looked upon as favoring the nomination of Hon. Wm. Cobb. "Uncle Joe" has made the mistake of waiting a little too long before taking his share of the plunder.

Congress is wrestling with the Mormon problem just now. The president of the church, Joseph F. Smith (right here, let us say this is not the ex-commissioner who resides at Meredith Centre), defies the national government to interfere with him or his church. His insistence should be relinquit and this sect should be made to conduct themselves according to the laws of civilization or be treated like other criminals.

The death of "Allroundack" Murray will be mourned by a large number of admirers. He could tell a story in a manner unequalled by but few writers of the present day, and his place among American authors will be hard to fill.

Centre Harbor News.

Two days last week, H. R. Gould was laid up with a bad cold and had to send his "sub" on his route.

Wednesday, E. W. Smith, John Coe and John Goodhue went to Laconia.

The social at the vestry last Friday evening was a success.

Mr. Harry W. Smith of Laconia was in town over Sunday with friends. He was a former resident here, but has worked in the car shop at Laconia for upwards of 16 years.

Mr. William Butterfield and son of Boston are stopping at their summer home here for a few days.

A veil of sadness has been hanging over this place for the past few days. Last Friday afternoon, at about 5 o'clock, Mr. John Paine, an old resident, yielded up all his claims in this life, and passed to the realms beyond. Thirty-five hours later he was followed by his loving and devoted wife—a very sad and unusual occurrence. They were born the same year and their age was 71 years. They have had forty-seven years of married life together, bearing each other's burdens through sunlight and shadows, joy and sorrow, and have together entered that quiet rest that awaits the whole human family when their earthly labors have ended. They are survived by five children: Charles Paine of Somersworth, Mass., who has been connected with the post office department for more than twenty years; Carl Paine of this place, who has recently returned from Vermont to make his home here; Mrs. Lizzie Feller of Dover, Miss Martha Paine of Dover, and Mrs. Alice Sargent of this place. They have our deepest sympathy in this bereavement. Mr. Paine was a genial, kind hearted man, a friend to everybody and will be missed very much in this place. In politics he was a staunch Democrat and served two years on the board of selectmen, and also served as tax collector. Mrs. Paine was a devoted wife, a good mother, a kind neighbor and a friend to all. Both were very highly esteemed citizens. Mr. Paine leaves a brother, James M. Paine, of this place. The funeral services were held at the house, Monday afternoon, Rev. John Thorpe officiating. H. O. Moulton was undertaker, and notwithstanding the severe storm, a large crowd attended.

Sunday night, Mrs. Harrison Morrill passed away very suddenly at the home of her son, Dr. L. B. Morrill. As she was about to retire for the night, a strange noise was heard coming from her room, and the family hastened there to find her breathing her last. The doctor was away from home at the time, and Dr. Page was quickly called, but Mrs. Morrill was past recovery.

Waterman's Ideal

The Fountain of Pen satisfaction.

WHAT DO YOU WRITE WITH?

There's more solid satisfaction to the square inch in a Waterman's Ideal fountain pen than any thing else you ever had in your hand. The price is a trifle higher than for ordinary fountain pens but the quality tops the other fellows out of sight. Don't monkey with a common fountain pen, it tends to give its superior, the Waterman Ideal, a bad send-off.

NOTE AND COMMENT.

All this talk that William J. Bryan is indulging in regarding the certain reconfirmation of the Kansas City platform may be good for Mr. Bryan but certainly a bad dose for the Democratic party. It will advertise the Commoner and perhaps increase its circulation. As an ad for the erstwhile "boy orator" it may not be so profitable, for if we mistake not, most people think it is getting a little monotonous. It reminds us of the parrot. Polly was owned by a man who also possessed a bull dog. One day while the dog was quietly sleeping in the corner the parrot said "Sic em," and Polly filled the air for a moment. After the parrot recovered from the surprise he straightened out and remarked: "I know what the trouble is with you, Polly. You talk too d—d much." Col. Bryan should take notice and reform a little or else his plumage may come out of the convention at St. Louis a little ruffled, like that of Polly.

The death of Henry J. Hooper at Hanover Saturday evening is a distinct loss to the world of athletics. He had a wonderful physique, but did not allow the athletic craze to run away with him to the extent that made it necessary for him to neglect his other duties as a college man. He stood high in his classes at Dartmouth and proved one of the most popular men in his class.

There is one thing certain, nobody can very honestly accuse the Franklin Journal Transcript of being disloyal to its own town. They have got some typhoid fever there now.

but Editor Towne declares there are only seven cases, and indignantly repels The Union's assertion that they have an epidemic of the dread disease. Brother Towne reminds us of the young woman in Captain Marryat's novel who had an ambition without a male reason for its appearance, and who upon being chided for her lapse from morality replied, "Please mind its such a little one!"—Manchester News.

Escaped an Awful Fate.
Mr. H. Higgins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by Morrison the Druggist. Price 50c & \$1.00. Trial Bottles free.

Barstated has reduced its debt during the last year by over \$2200. It now stands at \$1,018.26, the lowest since 1860.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

New Hampshire state convention of Christian Endeavor will be held at Franklin Sept. 28 and 29.

Relief in One Minute.
One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Morrison the Druggist.

The report of the town of Epsom will show a balance in the treasury of \$5,774.25 with \$255.74 more taxes to collect.

WANTED.
We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that have not been cured—and we also want their results, such as sour stomach, fermentation of food, habitual constipation, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver. This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25 cent bottle first. If so, something more serious is the matter with you. The 25 cent size has just been introduced this year. Regular size 75 cents. At Sanborn's Drug Store.

G. G. GREEN, Woodbury, N. J.

Pittsfield's debt was decreased \$7314 last year, and now stands at \$90,534.37.

Mysterious Circumstance.
One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lax organs they compel good digestion and head off constipation. Try them. Only 25c. at Morrison's the Druggist.

ROUND ABOUT US

Mrs. Annie M. L. Marselles, wife of the well known political writer, died recently at Hazel.

An Early Riser.
A strong, healthy active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Morrison the Druggist.

At a special meeting of Woburn business men last week, it was voted to request the directors of the Woburn Savings & Loan Company to recommend that the court appoint an agent to wind up the affairs of the institution. The bank was closed by the bank commissioners on account of a \$25,000 shortage in the accounts of Treasurer Piper. It was the last bank in town, three others having closed their doors several years ago.

Have You Indigestion?
If you have Indigestion, Kodol Dyspepsia Cure will cure you. It has cured thousands. It is curing people every day—every hour. You owe it to yourself to give it a trial. You will continue to suffer until you do try it. There is no other combination of digestants that digest and rebuild at the same time. Kodol does both. Kodol cures, strengthens and rebuilds. Sold by Morrison the Druggist.

The present indebtedness of the town of Littleton is as follows: Town, \$67,500, precinct, \$47,400; Union School district, \$6,000; Water and Light commission, \$212,000.

Catarrh.
Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.

S. E. Colbath & Co., box manufacturers of Alton, have filed articles of incorporation with the secretary of state: capital stock, \$15,000.

A FEW CANNIBAL BIRDS.

Some Feathered Creatures That Prey on Their Fellow-Duck. Hawks are Worst Offenders.

The most unpleasant items on the bill of fare of the bird kingdom are birds themselves, writes a naturalist. The most systematic cannibal among birds is the peregrine falcon, or duck hawk, and where birds are abundant this voracious gourmand never eats the flesh of the head and neck and eyes of each victim, leaving the remainder of the body untouched. Occasionally, as among other animals, a bird of strictly vegetarian habits will attack another bird, even one of its own kind, and kill and eat it in the most matter of fact way.

Perhaps every order of the higher warm blooded animals may be included in the list, from the sloth, which mutely resigns itself to the terrible grip of a hairy eagle, to the human child, powerless before the attack of some bird of prey frenzied with hunger. In certain districts eagles and hawks have been shot unreluctantly of skunk, but whether that fearless animal really feigns, except accidentally, in their diet, is to be doubted. If any group of mammals is to be entirely exempted it is only that of the whales. The smaller gnawers of wood, the rodents, suffer most heavily, and untold thousands of birds and beasts have been shot, while cranes, shrikes and ducks make way with their share, and even flamingoes will chase and devour a mouse with avidity.

Sweet Young Thing.
Ocell (sentimentally)—Don't you feel gloomy when the sky is overcast with a gray, when the rhythmic rain sounds a dirge upon the roof and the landscape's beauties are hid by the weeping mist?
Hazel (sweetly)—Yes; it's dreadfully annoying. It does make one's hair come out of curl so.—Tit-Bits.

Deputy Sheriff Edmund Page made an official visit to Gilford Friday forenoon.

The fourth degree will be conferred at the next meeting of Winnepesaukee Grange.

Edwin Cox went to Boston, Friday where he passed several days with relatives, returning Monday.

J. Fred Philbrick, Geo. W. Bartlett and J. A. Reynolds attended an "Fellows" meeting at Laconia Sunday evening.

Myron F. Cox, foreman in the office of the Enfield Advocate, was in town over Sunday.

Chas. E. Carroll of Laconia has been appointed solicitor for the Citizens' Telephone Co., for Laconia and surrounding towns.

Harry Wilkinson who formerly resided on the steamer "Gypsy" has been granted an engineer's license in Massachusetts.

Mr. and Mrs. Roy F. Bickford, Arthur J. Mead and A. Chester Clark attended the meeting of Belknap County Pomona Grange at Gilford Wednesday.

Albert Jenness has purchased the house near the residence of Daniel R. Smith, owned by John N. Davis and occupied until recently by Lewis D. Collins.

Lewis D. Collins who has been employed by John W. Beebe & Co. at their store under the town hall has left town and is reported to be conducting a lodging house in Boston.

Thomas H. Worrall, formerly of Meredith, has sold his recently acquired "Grieke" to a company recently organized at Laconia. It will be put on the lake as a pleasure boat and later the company will add another new and larger boat.

There will be an interesting game of basketball in the town hall, Saturday evening, March 12, between the Ashland first team and the Meredith team. The game will be called at 8 o'clock sharp, and there will be something doing immediately after. A social dance will be on the program from 9 o'clock to 12. Admission 20 cents. Everybody invited.

Patrons of the Citizens' Telephone Company will be interested in the report that there is now a movement on foot to extend the Haverrill and Exeter independent telephone lines through Dover, Somersworth, Rochester and Farmington to connect with the Citizens' Telephone which already covers nearly all the towns in Belknap and Merrimack counties.

The annual electric ball was held at the Town Hall, Thursday evening. St. Clair's orchestra furnished music for the occasion. Everything was favorable for the success of the affair but the weather. This was an unfavorable factor in that but about thirty-five couples attended and those who stood behind the enterprise are out of pocket a little.

Edward B. Wiggins and Fred B. Wilson, both of this town, were indicted by the United States authorities last week. The charge against the former was passing a spurious bill, and that against Wilson was making the same. The indictment was returned Thursday afternoon. On Friday both men were brought into court for trial. Each of them pleaded guilty to the charge against him and sentence was pronounced. The sentence in each case is five years in the Charlestown state prison. This is regarded as a very light sentence, as it is the minimum penalty for the serious offense with which they were charged. Those who have watched the case and who knew Wiggins and Wilson have long been convinced that they were not alone in the business. Consequently it was no surprise when it was learned that four more arrests had been made Saturday afternoon Robert Thompson, alias "Dr. Roberts," with whom Wilson had been associated in his "medical practice," Lena Thompson, wife of the former, Patrick J. Gallagher and Hyman Cohen were rounded up by the Boston secret service bureau. By their arrest it is believed that the gang has been completely broken up.

For an hour masks will be worn and a pleasant time of finding out "Who is Who" will be indulged in. After that a social hour for games and light refreshments. Admission to all, 10 cents.

John F. Clough, formerly of Meredith, who has served as county commissioner in Merrimack county for a number of years, is to have a competition before the next county convention. Eugene G. Libby of Manchester has announced his candidacy but will certainly have to hustle in order to beat Mr. Clough, who is very popular and an able official.

It was a signal compliment that Bradbury R. Dearborn received at the hands of the voters. He was nominated by acclamation in both the Democratic and Republican caucuses and on town meeting day was elected with scarcely a dissenting vote. It pays to perform a public trust in an honest and honorable manner.

At the fall inspection of Winnepesaukee Grange there will be a competition with Garnet Hill Grange of Centre Harbor. The local Grange will visit Centre Harbor and there compete either in debate or to excel in the use of the best literary and musical talent in the two Granges. Garnet Hill Grange will then visit this town and compete in one or the other of the two classes, depending upon which is selected for the first meeting.

THE GRANGE

The semi-annual inspection of Winnepesaukee Grange took place at the town hall, Friday evening. There was a larger attendance of members besides a number of visitors from neighboring granges. The third degree was worked on four candidates in a very creditable manner. After the degree work the following was rendered:

Address, Roy F. Bickford, Piano solo, Mrs. Georgia Blaisdell, Recitation, Florence M. Wiggins.

Clark, LeRoy Collins, Bert Files, Miss Helen Pynn, Miss Auretta Berry, and Vinnie Doolittle.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—Is true only of **Hood's Sarsaparilla**!

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with eczema and came near losing my sight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever."—BENJ. A. HARRIS, Withers, N.C.

Hood's Sarsaparilla promises to cure and keeps the promise.

Henry Leane, indicted by the grand jury for the larceny of a watch at Meredith Centre pleaded guilty to the same. He was sentenced to the State Prison for the term of one year. The respondent, and as he was also wanted by the authorities of Concord for the larceny of a watch there, he was released on his personal recognizance, but immediately re-arrested by Sheriff Philbrick and turned over to the Concord authorities.

Everything Went the Same Old Way as Anticipated.

MAIN ST. TO BE CONCRETED

As far as Dr. Hawkins' Residence—Old Home Week Article Passed.

Town meeting in Meredith passed off very quietly. On account of the storm the vote was light. The chief matter of interest was the article in the warrant relating to concreting Main street. It was expected that this matter would pass, but the almost unanimous vote in its favor and the liberal amount of money provided for the work was a surprise to all. The matter was fully discussed and at the close of the discussion it was voted to raise \$750 this year and borrow a sum which, with that raised, shall not exceed \$3000, to be used for this work. The selectmen were empowered to employ a competent engineer to superintend the work. The following other appropriations: Highways, \$3500; town charges, \$500; Memorial Day, \$100; public library, \$500; fire protection, \$480. The article relating to Old Home Week was passed. It was also voted to authorize the selectmen to furnish the state engineer a highway map if called for.

The vote for the several officers was as follows:

His Idea of It. A Canadian child was being instructed recently by his Sunday school teacher on the necessity for the death of Christ in order to open Heaven.

Both Saved Gallons.

Devotee worth \$4 or \$5 a gallon, put on; how much is another point worth?

Depends on how many gallons you've got to put on, to be equal to one of Devotee.

Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead-and-oil, took 40 gallons.

Last summer bought 40 gallons Devotee for same houses; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y., owns two houses exactly alike; painted one with Devotee; took 6 gallons. The other with some other; took 12 gallons.

What'd you give for those off paints? Bear in mind, you've got to pay for the painting.

PEASE & WEEKS.

Sanborn's Confidence in Hyomei.

NOT A PENNY NEED BE PAID UNLESS IT CURES YOU OF CATARRH.

"Use Hyomei and be cured of catarrh," says Sanborn. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c. This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the nasal passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, Sanborn will cheerfully return the money and it will not cost a penny.
